

Sports Funding

2021-22 spending

Spending	What we have spent our money on...	The impact of our spending...	Sustainability of our investment in sport
£4500	Our specialist PE teacher (Nicola Hunter-Dale) is working with staff for another year, developing their skills across the PE and adventure learning curriculum including cross curricular activities involving PE. She is also leading a gymnastics club with children from Y1-6. She has worked with our NQTs in a coaching capacity.	Teachers' PE skills and most recently our NQTs' PE teaching skills have been developed and continue to be developed across the PE curriculum. Children's gymnastics skills are developed through a trained gymnastics coach.	Our specialist teacher is working with staff to develop their skills in a programme which develops their skills for long term teaching and learning in PE.
£2000	Borwick Hall subsidy for adventure learning day.	Children develop skills and teamwork with particular attention on Planet Inspiration	The children develop skills and attitudes of mind through their day at Borwick which are built on throughout the year. The skills development link strongly with our Planet Inspiration characters which form the basis of the ethos and attitudes to learning and "growth mindset" that we are constantly developing and enhancing.
£70	Additional hours for TAs staffing Borwick adventure day.	Children are supervised with appropriate ratios for maximum length of day at the outdoor centre.	
£460	Playtime equipment replenishment.	Children have a wide range of playtime equipment to play with at break.	Children have the opportunity to
£320	New footballs for football club	Enough footballs for quality training sessions.	Football club means that children get to develop their skills and play matches against other schools on an ongoing basis.
£7350	Total spend/commitment so far out of £17100
