Single Equality Policy and Inclusion Policy

This Single Equality Policy outlines the commitment of the staff, pupils and governors of Nether Kellet Community Primary School to ensure that equality of opportunity is available to all members of the school community. For our school this means not simply treating everybody the same but understanding and tackling the different barriers which could lead to unequal outcomes for different groups of pupils in school, whilst celebrating and valuing the achievements and strengths of all members of the school community.

These include:

- Pupils
- Staff
- Parents/carers
- The governing body
- Multi-agency staff linked to the school
- Visitors to school
- Students on placement

We believe that equality at our school should permeate all aspects of school life and is the responsibility of every member of the school and wider community. Every member of the school community should feel safe, secure, valued and of equal worth.

At Nether Kellet Community Primary School, equality is a key principle for treating all people fairly and creating a society in which everyone has the opportunity to fulfil their potential - irrespective of their gender, ethnicity, disability, religion or belief, sexual orientation, age or any other recognised area of discrimination.

Equality was discussed with our School Council and it was agreed that it related to *“How we treat each other and how we live in the world, helping others and taking account of people’s differences.”*

In our Rights and Responsibilities, we have the “Right to Be Ourselves and the Responsibility to Respect Others’ Differences”. This value permeates our school, is frequently addressed through whole school assemblies and PSHE sessions and demonstrates itself in the children's fair and inclusive attitude towards one another and others in society.

The School in Context

Key features of the school:

Nether Kellet Community Primary School is a small primary school with around 110 pupils on roll which was judged Outstanding in all areas by Ofsted (November 2014). There are 4 mixed age classes. This results in the full time equivalent of 4 teachers and a headteacher. The school serves a rural area of mostly private housing but a number of pupils come from outside the area.. The number of pupils eligible for free school meals is below the national average and almost all the pupils are White British. The proportion of pupils with learning difficulties and/or disabilities has risen gradually over a number of years and is now slightly above average, although the number of pupils with statements of SEN or Education, Health and Care Plans is slightly below average.

Ethos and Atmosphere

At Nether Kellet Community Primary School, the leadership of the school community will demonstrate mutual respect between all members of the school community. There is an openness of atmosphere which welcomes everyone to the school. All within our school community will challenge any type of discriminatory and/or bullying behaviour, e.g. through unwanted attentions (verbal or physical) and unwelcome or offensive remarks or suggestions. All pupils are encouraged to greet visitors to our school with friendliness and respect. Every member of the school community adheres to the school's Rights and Responsibilities one of which states: "I have the right to be myself. I have the responsibility to respect others' differences". The displays around the school are of a high quality and reflect diversity across all aspects of equality of opportunity. Staff have recently fully engaged in the Global Learning Programme leading to a thoroughly embedded global learning focus throughout the curriculum and assembly themes. Pupil assessment via the Global Learning Programme shows an increasing awareness of other cultures and world issues all of which contribute to the children's awareness of others, of differences in people's lives and opportunities and issues such as disability and equality. Provision is made to cater for the spiritual needs of all the children through planning of assemblies, classroom based and externally based activities. The school serves the village of Nether Kellet and surrounding area. The population is relatively stable with the percentage of pupils entering and leaving school during the year being below average. Pupils are drawn from a range of socio economic areas, but the percentage from deprived areas is increasing.

Monitoring and Review

Nether Kellet Community Primary School is an inclusive school, working towards greater equality in the whole school community. We use the curriculum and

teaching to enhance the self-esteem of all those it serves and to provide a learning environment in which each individual is encouraged to fulfil her or his potential.

We collect and analyse a range of equality information for our pupils/students:

Attainment data

Pupil Progress meetings with staff

Attendance Data

Pupil Voice Questionnaire (YR-6)

Complaints of bullying or harassment

Parental questionnaires

Involvement with extended learning opportunities

We make regular assessments of pupils' learning and use this information to track pupils' progress, as they move through the school. As part of this process, we regularly monitor the performance of different groups, to ensure that all groups of pupils are making the best possible progress. We use this information to adjust future teaching and learning plans, as necessary.

Resources are available to support groups of pupils where the information suggests that progress is not as good as it should be. The governing body receives regular updates on pupil performance information.

School performance information is compared to national data and Local Authority data, to ensure that pupils are making appropriate progress when compared to all schools, and to schools in similar circumstances.

As well as monitoring pupil performance information, we also regularly monitor a range of other information. This relates to:

- Attendance
- Exclusions and truancy
- Racism, disability, sexism, homophobia and all forms of bullying
- Parental involvement
- Participation in Extended Learning Opportunities

Our monitoring activities enable us to identify any differences in pupil performance and provide specific support as required, including pastoral support. This allows us to take appropriate action to meet the needs of specific groups in order to make necessary improvements.

Nether Kellet Community Primary School is also committed to providing a working environment free from discrimination, bullying, harassment and victimisation. We aim to recruit an appropriately qualified workforce and establish a governing body that is representative of all sections of the community in order to respect and respond to the diverse needs of our population.

This policy has a life span of three years and therefore we will review and revise this scheme as part of a three-year cycle.

Equality Impact Assessments

Undertaking equality impact assessments (EIAs) is similar to undertaking health and safety risk assessments. It involves predicting and assessing what the implications of a policy, function or strategy will be on a wide range of people.

EIAs were introduced with the Race Equality Duty and are now also required for both disability and gender. It is also best practice to consider age, religion and belief, and sexual orientation as part of this process.

EIAs are a way in which we can analyse all of our work (this could be a policy, procedure, project, strategy or service) to ensure it meets the needs of all our service users and that no group (in relation to ethnicity, disability, gender, age, religion and belief, and sexual orientation) is disadvantaged or cannot access our services.
