

Sports Funding

2022-23 spending

Spending	What we have spent our money on...	The impact of our spending...	Sustainability of our investment in sport
£4500	Our specialist PE teacher (Nicola Hunter-Dale) is working with staff for another year, developing their skills across the PE and adventure learning curriculum including cross curricular activities involving PE. She is also leading a gymnastics club with children from Y1-6. She has worked with our NQTs in a coaching capacity.	Teachers' PE skills and most recently our NQTs' PE teaching skills have been developed and continue to be developed across the PE curriculum. Children's gymnastics skills are developed through a trained gymnastics coach. Nik now works with new staff in both Y3/4 and Y5/6 classes.	Our specialist teacher is working with staff to develop their skills in a programme which develops their skills for long term teaching and learning in PE.
£2295	New orienteering course and training	Children learn skills of orienteering.	Children can use the orienteering course for cross curricular learning and map reading skills development.
£2730	Borwick Hall subsidy for adventure learning day.	Children develop skills and teamwork with particular attention on Planet Inspiration	The children develop skills and attitudes of mind through their day at Borwick which are built on throughout the year. The skills development link strongly with our Planet Inspiration characters which form the basis of the ethos and attitudes to learning and "growth mindset" that we are constantly developing and enhancing.
£180	Additional hours for TAs staffing Borwick adventure day.	Children are supervised with appropriate ratios for maximum length of day at the outdoor centre.	
£200	Playtime equipment replenishment.	Children have a wide range of playtime equipment to play with at break.	Children have the opportunity to
£320	New footballs for football club	Enough footballs for quality training sessions.	Football club means that children get to develop their skills and play matches against other schools on an ongoing basis.
£540	Lunchtime staffing for organised games.	Children have options of directed sports activities.	Children are improving in their sports skills and the

			level of participation has increased greatly.
£200	Transport to sports events	Children are able to take part in local tournaments where parent transport isn't an option.	Children have consistent access to sports tournaments.
£150	Repairs to adventure playground platforms where there was some rot.	Adventure playground platforms are safe for children to play on, climb and explore.	Children develop their motor skills, balance and coordination to aid them in all physical activities.
£100	Repairs to climbing frame.	Climbing frame is safe for children to play on, climb and explore.	Children develop their motor skills, balance and coordination to aid them in all physical activities.
£300	Forest schools after school club	Children engage in active outdoorsy activities and develop fitness incidentally through fun physical activities.	Children continue to develop a love of the outdoors which will hopefully transfer to activities out of school and into adult life.
£165	Skipfit event	Children develop skipping skills and are enthused about skipping.	Children continue to apply their skipping skills at playtimes and PE lessons.
£450	Annual fee for membership of local schools' sports partnership	Children take part in inter-school competitions. Classes receive coaching sessions in new and different sports from a specialist sports coach,	Children have experience of competitive sports in different settings which may inspire them to pursue that sport further. They have experience of being coached in new sports to give them a taster which may inspire an ongoing interest or joining a club.
£650	New PE mats	To ensure that there are sufficient mats for whole class gymnastics.	Children are able to perform more advanced and developed gymnastics moves with more mats.
£270	Borwick Hall subsidy for YR children	Children have access to outdoor adventurous learning in a different setting.	Children develop more resilience and ability to take risks and persevere with new tasks as well as further developing cooperation and problem solving.
£360	Street Dance club	Children have access to a specialist street dance club.	Children can develop their dance skills and potentially

			pursue this further in the future.
£220	After school clubs funding	Children have access to a range of sports clubs	Ongoing access to a range of sports activities.
£200	Football competitions transport	Children can get to comps.	Ongoing access to competitions.
£100	Additional resources to support orienteering.	Children learn orienteering skills to a high standard.	Children use the orienteering course on an ongoing basis cross-curricular once learned.
£220	Coach travel to sports competition for Y3/4/5	Children take part in inter-school sports festival	Children are enthused about new sports that they may not have had the opportunity to play before.
£200	Sports leader training for Y5 children	Children are equipped with skills to work with younger children in leading sports activities.	Children grow in confidence and self esteem and build leadership skills that are transferable in the future to other situations.
£110	Participation in sports festival fee.	Children take part in inter-school sports festival	Children are enthused about new sports that they may not have had the opportunity to play before.
£14460	Total spend/commitment so far out of £16960
