

Sycamore Class Home Challenges - Our Blue Planet

Here are a range of challenges to try at home! You can try just one or as many as you like. Please make sure to bring in your excellent work!

<p><u>Get creative!</u> Create a piece of art that reflects our theme, Our Blue Planet.</p> 	<p><u>Nature exploration!</u> Spend time exploring in nature. Think about the senses and record your observations.</p> 	<p><u>Family History</u> Find out something about your own family history and make some notes to share in class.</p> 
<p>Explore living things and their habitats in your local area. Which animals can you find evidence of? Have you observed any? What are their habitats like? Draw a sketch of what you find!</p>	<p>Observe plants as we move through the seasons from Winter into Spring. What changes can you see?</p> 	<p>Write a story with illustrations. Make the characters go on an exciting journey. Maybe they go on an ocean voyage. Use the FANTASTICS!</p> 
<p> Take a survey of water use at home. What is water used for in your home? How often is it used?</p>	<p><u>Lancaster Through the Ages</u> Find out about how Lancaster and the surrounding area has changed through history.</p> 	<p><u>Water Conservation Poster</u> Create a poster that details ways in which we can conserve water.</p> 
<p>Create a PowerPoint or fact file about a world religion of your choice. What are their beliefs? Do they celebrate any special festivals?</p>	<p>Write 10 quiz questions about what we have learned during the Our Blue Planet theme!</p>	<p>Free choice about Our Blue Planet</p>
