

Pupil Acceptable Use of ICT Policy Agreement - KS1

This Acceptable Use Policy

We endeavour to teach our children to be responsible users of ICT and provide them with the guidance necessary to keep them safe while using online technologies. The school will try to ensure that our children will have good access to ICT to enhance their learning but, in return, they will expect the children to agree to be responsible users.

This is how we stay safe at Key Stage 1 when we use computers and other devices:

- I will ask a trusted adult if I want to use a computer or other device.
- I will only use activities that the teacher or trusted adult has told me or allowed me to use.
- I will take care of the computer, i-pad and other equipment.
- I will tell a teacher or trusted adult if I see something that upsets me on the screen.
- I won't click on pop-ups that appear when I am online.
- I will keep my personal information safe.
- I know that I can't believe everything that I see or read online.
- I will always be nice and kind if I do post messages online.
- I know that if I break the rules I might not be allowed to use the computers/ i-pads.

I understand that I must use the school's ICT resources in a responsible manner, to make sure that I keep myself and others safe whilst working online.

I have signed below to show that I understand the Pupil Acceptable Use Agreement.

Pupil name..... Class

Be inspired.....have belief and grow
